Bachelor of Applied Science in Operations Management

The Bachelor of Applied Science in Operations Management is a degree completion program that prepares students to develop, improve and manage the processes used to produce and transport products, services and people. The program explores the technical and strategic aspects of producing goods and services while providing students with the foundational operations management skills necessary to become a successful business leader. Students will learn about implementation, innovation, planning and strategy to build a valuable knowledge base and practical skill set. In addition, students are able to partner the Operations Management degree with other School of Professional Studies programs or KU Edwards programs to gain additional expertise related to project management, information technology, or public administration. The program will prepare students to enter careers such as supply chain management, production management, purchasing, project management or other related fields.

This program is offered through the School of Professional Studies and based at the KU Edwards Campus. The degree is designed for students who have already earned an associate's degree or equivalent hours and are looking to complete the last two years necessary for a bachelor's degree. The program is offered in a hybrid format to allow students the flexibility to complete courses online and in person.

Applications to the BAS in Operations Management will generally be considered under the guidelines of the Transfer Admission Standards. Students must apply and be admitted by the School of Professional Studies. In addition, to be considered for admission, students will need to have completed the prerequisite course work and have already earned 60 credit hours.

The **BAS in Operations Management** has the following degree requirements in addition to the statewide general education requirements:

- 120 (minimum) total credit hours
- 45 (minimum) upper-division credit hours (these may include the following)
- 33 Operations Management core credit hours
- 3 capstone credit hours

The following tables describe the specific courses to fulfill the above requirements.

BAS Operations Management Core Sequence Courses: 33 credit hours

Code	Title	Hours
OMGT 300	Operations Management	3
OMGT 310	Enterprise Strategy and Innovation	3
OMGT 320	Enterprise Integration and Implementation for Managing Organizational Supply Chains	3
OMGT 330	Innovation Management	3
OMGT 420	Process Management	3
OMGT 440	Ethical Issues in Operations Management	3
PMGT 305	Foundations of Project Management	3

315 Project Scheduling and Control	3
415 Project Procurement and Supply Chain	3
Management	
2 Leadership in Practice	3
365 Elementary Statistics	3
Management 2 Leadership in Practice	

Capstone: Three (3) credit hours

Code	Title	Hours
OMGT 499	Operations Management Capstone	3

Graduation GPA: Satisfied with a minimum 2.0 KU GPA and a minimum of a "C" in all Operations Management Core and Capstone requirements.
